## WHO WE ARE

## TWO GUYS BBQ MAKES THE BBQ EXPERIENCE ACCESSIBLE TO EVERYONE

The founders of Two Guys BBQ are two outdoor cooking enthusiasts who have been friends since childhood. Haris Papadopoulos and Stephanos Stephanou first got a taste of the American-style BBQ when they moved to the USA as students for their University studies.

Currently back in Cyprus as adults, business owners and family-men, they still make time to meet regularly and cook together, trying out different cooking styles, recipes and equipment with their close friends and family. After many delectable feasts (and an admittedly significant number of failures), they decided it was time to share their hobby with others by offering tips and tricks to their friends.

The 2020 pandemic undoubtedly gave rise to a BBQ fever that took the island by storm. The local market, however, had a very limited variety of brands to offer in terms of durability and quality. Consequently, Two Guys BBQ was created to make the BBQ experience accessible to everyone, offering award-winning grills, smokers, tools, accessories and equipment that can withstand the Cyprus climate and of course, the expected wear and tear.

- Propane Gas
- Internet

## GET TO KNOW OUR GONSULTING A PROCESS

# 1 CONSULT OUR EXPERTS AT OUR SHOWROOM

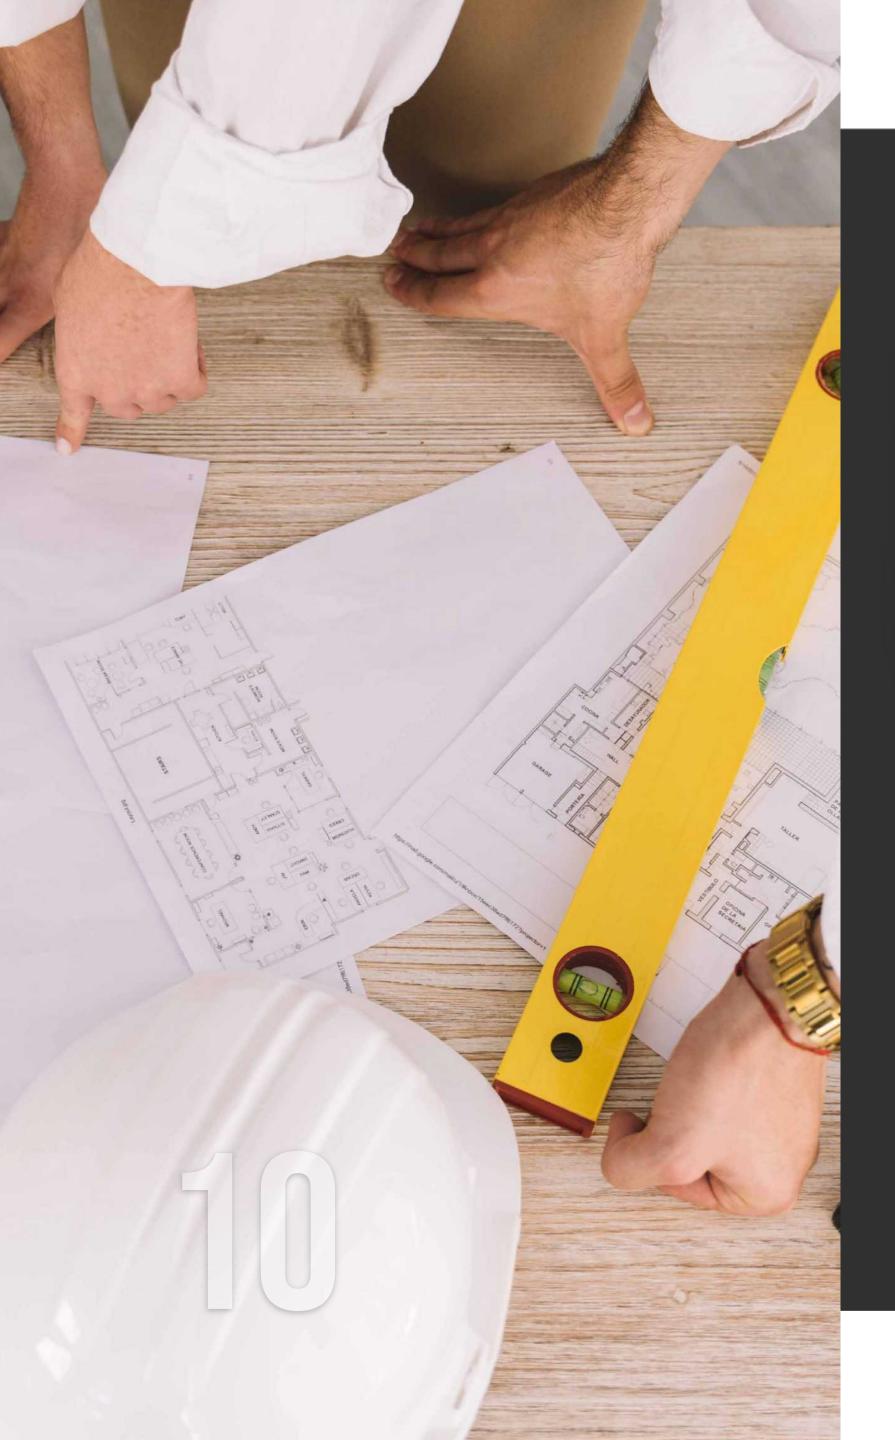

## MEET WITH US AT OUR SHOWROOM AND LET US INTRODUCE YOU TO THE BRANDS WE OFFER.

Together we can review the equipment, discuss your options and determine what would best work for your outdoor space and personal cooking style.

Consider all the features you would like to include in your outdoor kitchen. It is important to be realistic when it comes to your plan and to consider various factors.

For example... Is your indoor kitchen in close proximity? Does your selection leave you with enough countertop space? Does your budget allow you to have all of the relevant bells and whistles, such as a sink, dishwasher, drawers and a refrigerator? Will you be able to easily run water lines to your outdoor kitchen? Will your grill require gas or electric hookups? Are you considering adding an additional burner to your kitchen?

It is advisable to bring a floor plan or photograph of the outdoor area with you so that we can advise you accordingly. Once you have made your selection, we can start discussing a preliminary layout for your outdoor kitchen.

## 2 MEETING ON-SITE

"AT YOUR PLACE WITH AN ARCHITECT OR INTERIOR DESIGNER"

We recommend a meeting on-site, where the outdoor kitchen will be set up. The presence of your architect or interior designer during this process would be preferable, especially if it involves a recent construction.

A great outdoor kitchen design should be laid out in zones since this would make it easy to flow from one area to the next and thus be functional. These include:

- I PREPARATION AREA
- 2 COOKING AREA
- 3. WASHING AREA
- 4. STORAGE AREA
- 5. ENTERTAINING BAR, EATING OR LOUNGING AREA.

During this meeting, we will discuss all the options for the layout and equipment, list all the requirements and detect any challenges you may possibly be facing with the space.

# 3 PLACE AN ORDER & DESIGN YOUR LAYOUT

For proper planning and construction, we will prepare a detailed illustration of your outdoor cooking area as soon as you have finalised your selection and placed an order for the equipment and components.

We will outline what preliminary construction is needed, advise on materials to use (as well as which materials to avoid), and indicate where water, electrical or gas lines are needed in order to be ready for the equipment to be perfectly fitted as soon as it arrives.

# 4 ON-SITE DELIVERY & FITTING

Once the construction is completed and the outdoor cooking site has been cleaned and prepped, we can move to the very final step which is the fitting of your equipment.

Your equipment will be delivered and installed by our professionals. Everything will be tested and demonstrated to ensure it's ready to use!

BBQ EQUIPMENT"

# KITCHENS

Whether you want to upgrade your cooking style in the backyard, terrace or roof garden, Two Guys BBQ and their team of experts, can level up your gathering place with functional and high-end BBQ equipment. Discover some of the projects we have completed either for homeowners or professionals.

"OFFERING YOU A BIG RANGE OF HIGHEST-QUALITY EQUIPMENT FOR MEMORABLE BBQING MOMENTS"

# BRANDS PREMIUM, WORLDWIDE & AWARDED

## EXPERTS IN GAS & INFRARED GRILLING

Sophisticated technology and the perfect design are key features of the Prestige PRO™ series, with its chrome accents and quality stainless steel construction emphasising the BBQ's elegant appearance. Yet the Napoleon® Prestige PRO™ BBQ isn't just good to look at: treat your guests to the perfect steak grilled on the Prestige PRO™, or create delicious meals using the optional rotisserie kit. In other words, the Prestige PRO™ series provides the ultimate barbecuing experience.

NAPOLEON BUILT TO LAST A LIFETIME

#### BUILT-IN

## GRILLS THAT ARE 'SECOND TO NONE!'

Bull offers a wide range of Built-in BBQ products. Bull's AWARD WINNING GRILLS are designed engineered and master crafted with the finest materials available. Designed in California, the Bull range of built-in barbecues is manufactured using only the highest quality stainless steel, offering unrivalled durability. The Bull Built-In BBQ can also be paired with a number of Bull accessories and components to give you a project that will not only impress but give you years of usage.

ALL OF THE GRILLS ARE CSA GAS CERTIFIED.

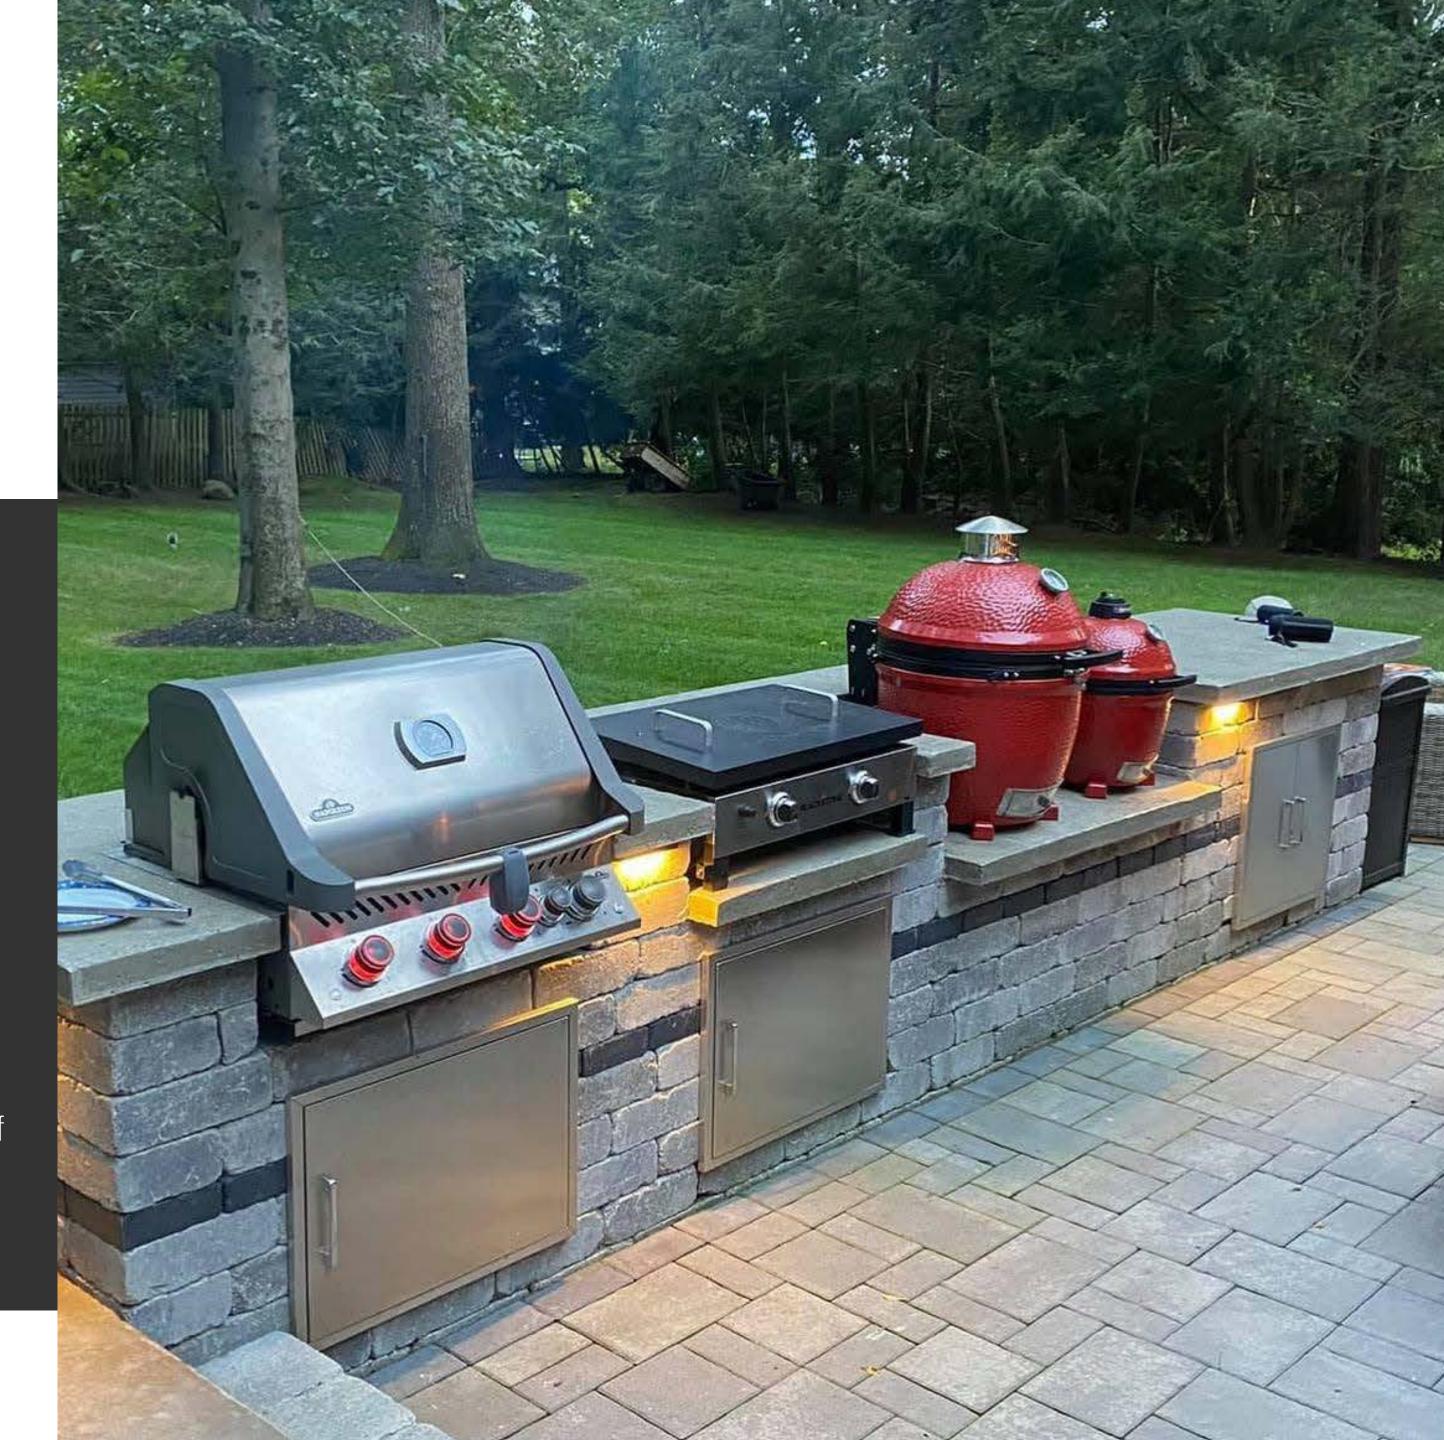

## INNOVATIVE PREMIUM CERAMIC GRILLS

Kamado Joe® isn't just a line of products. It's what happens when two guys who love to grill get serious about creating the world's best ceramic cooker. Better quality. Smarter features. More innovative accessories. That's the story of Kamado Joe®. An ancient, Asian-style grill, the Kamado BBQ is a thick-walled cooker that imparts rich, smoky flavour to meats, fish and vegetables. Relatively unchanged for centuries, air flows through the grill's ceramic body and out of its vented dome, chunk charcoal comes to life as smoke and heat. Kamado Joe is proud to draw on that tradition, modernizing the grill's classic style with unparalleled craftsmanship, innovative accessories and a range of flexible cooking surfaces.

LIMITED LIFETIME WARRANTY.

### BUILT-IN

## NEXT-GENERATION AND SMART GRILL

myGrill products are equipped with the 2nd generation SMART system with full automatic recipe control including internal temperature measurement, mobile app and OTA updates.

Made entirely of stainless steel, with an insulated base that can be embedded into your countertop and tailored to your needs, it promises to serve you forever.

## THE WORLD'S #1 SELLING WOOD-FIRED GRILL

Traeger Invented the Original Wood-Fired Grill over 30 years ago in Mt. Angel, Traeger wood pellet grills infuse your food with true wood-fired flavor for incredibly delicious results. They also offer simple, oven-like controls that allow you to simply Set-It & Forget-It®, and they offer 6-in-1 versatility to grill, smoke, bake, roast, braise, & BBQ on one grill.

TAKE YOUR OUTDOOR COOKING
TO THE NEXT LEVEL!

### ON CART

#### \*YODER SMOKERS\*

#### FOR BACKYARD, COMPETITION AND PROFESSIONALS

Yoder Smokers are not the typical barbecue pit you buy down at the local department store. These American Made Barbecue Grills and Smokers are designed for use at the biggest BBQ competitions – and in your own backyard, where the competition can be just as stiff.

29

### ON CART

#### BUILT FOR HOME & ADVENTURE

Cook outdoors with the PK Grills champion-level grill and smoker combination. This American-made thick aluminum cast oven has incredible temperature control and increased cooking area. If you're in the market for an outstanding grill and smoker combination, this one is well worth the consideration.

### **ON CART**

## MASTER THE ART OF SMOKING

Masterbuilt® smokers deliver for those ready to master the art of smoking. Choose from innovative features like our patented side wood chip loading system, a DigitalFan $^{\text{TM}}$  that maintains the desired cooking temperature, Bluetooth smart control, built-in meat probe thermometers and more. With a full line of propane, electric and charcoal smokers, you can expect a worth-while BBQ experience with a Masterbuilt smoker.

### FIRE PITS

## EASY TO USE WHEREVER YOU GO

Nothing brings people together like fire and food. Too often, grilling for an outdoor gathering becomes the work of one grill master who spends the majority of their time at the grill and away from the group. Grilling, Reinvented goes beyond just what's under the lid. Place Solo Stove Grill in the centre of the action, and turn your outdoor cookouts into fun, interactive grilling experiences the whole family can enjoy.

#### BUILT-IN

## THE FLAVOUR AND AROMA OF THE GRILL

Vulcano Gres is the Spanish leading company in the design, custom-made manufacturing and marketing of charcoal ovens, professional grills, buffets, refractory utensils, fusion cuisine, rodizios and chicken rotisseries, among other equipment and machinery for the hospitality industry. Our products are made with the highest quality materials and in an artisan way, which allows us to customize them to the maximum to meet the specific needs of each project. Each one of them is carefully designed and meets the criteria of functionality and aesthetics. Furthermore, our engineering team is constantly researching to patent new machines and continues to be at the forefront of this sector. Thanks to all of this and more than 10 years of experience, we have built a worldwide network of distributors and established a relationship of trust and closeness with our customers.

### BUILT-IN

## THE FIRST KAMADO GRILL MADE OUT OF 3CM THICK SOLID CAST ALUMINUM

Its unique all-aluminum design provides unparalleled durability and the same outstanding temperature control and heat retention Kamado grills are known for. The Blaze Kamado is your ideal partner for slow cooking, smoking, and grilling.

## "WOOD-FIRED PIZZAS THAT IMPRESS"

## PIZZA OVENS

Without a doubt, pizza is one of the most popular dishes in the world. Welcoming friends to your outdoor kitchen for a pizza cooked in your fire pit or a Kamado Joe.

## ADD DŌJOE TO YOUR KAMADO JOE

Transform your Kamado Joe grill into a best-in-class pizza oven and create authentic-styled pizza by adding the premium cast aluminium DōJoe accessory.

Its innovative wedge shape allows you to have full visibility during the cooking process and maintain steady temperatures without opening or closing the grill dome.

The Classic Joe™ DōJoe fits all Kamado Joe Classic Series grills and Big Joe™ DōJoe fits all Kamado Joe Big Joe Series grills

#### PI PIZZA OVEN

Make wood-fired pizzas that impress, or bake with propane by adding on the gas burner. Pull good moments fresh from the fire with authentic design reinvented for the modern backyard.

### EXTRACTION HOOD

## CUSTOM RANGE HOOD BUILT BY PROFESSIONAL

Outdoor grill hoods are suitable for all kinds of grills including electric, charcoal, gas, and even smokers. Our custom-made hoods are made of heavy stainless steel 304, so as to ensure their durability and add more ambience to your cooking space.

#### Wondering if you need one?

Burgers, steaks, ribs, hotdogs; all these delicious foods produce smoke and oils while cooking, which could end up on your ceiling, cabinets, and outdoor furniture. Thus a range hood is one of the most prominent items in an outdoor kitchen. It can be mounted on the wall or hung from the ceiling of your outdoor kitchen space.

#### HEATSTRIP®

## EFFICIENT, COST-EFFECTIVE ELECTRIC HEATING AT YOUR OUTDOOR KITCHEN

The innovative design of the HEATSTRIP® enables comfortable and even heat dispersion from the surface with minimal operating costs. Using radiant-style heaters we provide our customers with effective and energy-efficient comfort heating for outdoor areas.

HEATSTRIP® electric radiant heaters are more effective within an outdoor or uninsulated indoor area because they provide targeted warmth directly to the people and objects in their path. To date, HEATSTRIP® has successfully enabled many entertainment venues such as restaurants, pubs and clubs to utilise their outdoor dining areas day and night, through all seasons.

Within your workplace or business, HEATSTRIP® can provide comfort heating for designated outdoor cooking areas and leisure areas. Within your home, HEATSTRIP® can provide comfortable heating for undercover alfresco dining and BBQ area, patios, verandas, courtyards and balconies.

## ACCESSORIES AND CONSUMABLES

# BBQING ESSENTIALS

A wide range of accessories and consumables such as spatulas, cast iron skillets and cookware as well as pellets, wood chunks, charcoal, sauces and rubs are available at our showroom.

## R R

# THE RIGHT GEAR TO BRING TO BACKYARDS FOR BBQ GATHERINGS

Keep your meat warm, the beer cold, and tools organized with everything you need for the perfect bite. Yeti offers ultra-durable coolers, drinkware and bags that are the pinnacle of performance and built for everyday use.
